

Shower Screens, Mirrors & Sliding Wardrobe Doors

We believe that everyone deserves to be in a home that's ahead of the trend.

Affinity Windows is one of Western Australia's largest manufacturers and suppliers of aluminium doors and windows for both residential and commercial applications.

With over 40 years of industry experience and backed by the strength of our parent company, Affinity Windows offer a large and diverse product range.

With Affinity Windows you can be assured of stylish, functional and high quality products with superior sales and after-sales service.

Associations

As a member of the Housing Industry Association (HIA), Master Builders Association (MBA) and a founding member of the Australian Glass & Window Association (AGWA), Affinity Windows has a professional commitment to on-going research and development to ensure the product range aligns with the ever-changing needs of both the home owner and the building industry.

Safety & Compliance

Affinity Windows shower screens with Grade A Safety Glass incorporate a captive top pivot pin mechanism so the door can't be dislodged from the shower screen head section and comply with the requirements of Australian Standards AS 2208 and AS 1288 - (Current) Glass in buildings - Selection and installation.

Warranty

Affinity Windows shower extrusions and components are backed by a 5 year warranty when used under normal domestic operating conditions.

Wardrobe extrusions and components carry a 10 year warranty for residential applications.

Fully Framed Shower Screens – 4010

Features a slimline, low profile twin tiered sill

Design flexibility

Can be designed for installation into most bathrooms

Low maintenance

Smooth contoured profiles minimises soap and residue accumulation and reduces the need for cleaning

Water resistant

The design automatically reduces the gap between the door and framing on the door closure which further assists to eliminate external splashing and improve water resistance

Adjustment

Provides up to 15mm return jamb and wall channel adjustment for out-of-square walls for ease of installation providing further cost savings and value

Features

- Exceptional value
- Sleek contoured profiles
- Effortless door operation
- Individually measured to suit your bathroom
- Choice of clear or patterned Grade A Safety Glass

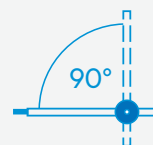

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

* Extended colour range available on request

Door Swing

Partial Framed Shower Screens – 4110

A low profile shower screen with a fully framed door

Design flexibility

Can be designed for installation into most bathrooms

Integrated fixed panel

Fixed panels are glazed directly onto the outer frame, minimising the potential for residue accumulation

Water resistant

Fabricated to provide a high level of water resistance and reduce external splashing. An overlapping door and fixed panel ensures a drier, safer bathroom floor

Features

- Individually measured to suit your bathroom
- Choice of clear or patterned toughened Grade A Safety Glass

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

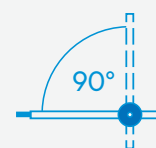

* Extended colour range available on request

Standard Handle

Match the contours of the shower screen with the square fingerpull in an aluminium powder coated finish.

Door Swing

Semi Frameless Shower Screens – 5051

Perimeter framed pivoting shower screen with a frameless door

Magnetic door latch mechanism

Specifically designed magnetic door latch. No moving parts results in trouble free, whisper quiet operation

Low maintenance

Smooth contoured profiles minimises soap and residue accumulation

Features

- 180° door swing enables both inward and outward opening maximising area use
- Sleek contoured profiles
- Individually measured to suit your bathroom
- Choice of clear or patterned 6mm toughened Grade A Safety Glass

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

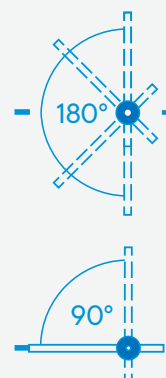

* Extended colour range available on request

Standard Handle

Match the contours of the shower screen with the square fingerpull in an aluminium powder coated finish.

Door Swing

Semi-Frameless Sliding Shower Screens – 7500

A slimline shower screen with frameless sliding doors

Design flexibility

Can be designed for installation into a variety of bathroom configurations

Low maintenance

Designed to minimise soap accumulation and provide easy access for cleaning

Water resistant

A fixed panel and overlapping door configuration, combined with high quality seals greatly improves splash resistance. The purpose designed sill directs water run-off back into the shower recess ensuring your bathroom remains dry and safe

Magnetic closure

A full length magnetic door seal provides a positive close on point-of-entry, which eliminates door roll back and creates impressive water splash resistance improving bathroom safety and function

Effective space utilisation

A full-size shower enclosure is still possible, even when bathroom space is at a premium. Proximity of vanities, toilets and baths restricting access to the shower enclosure is no longer an issue

Features

- Exceptional value
- Individually measured to suit your bathroom
- Choice of clear or patterned 6mm toughened Grade A Safety Glass

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

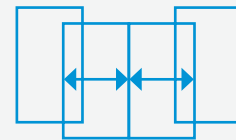

* Extended colour range available on request

Standard Handle

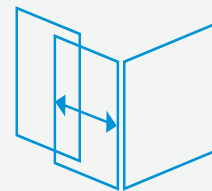

The D handle offers an attractive option for sliding shower screens.

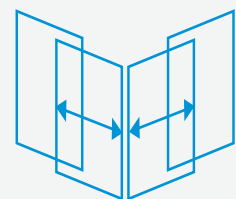

Configurations

Bi-parting slider

90° slider

Corner entry

Frameless Shower Screens

A stunning feature in any bathroom with no metal frame offering the ultimate 'clean' look

Design flexibility

Can be designed for installation into most bathrooms

Low maintenance

No framing minimises soap and residue accumulation and reduces the need for cleaning

Glass options

The glass can be easily customised to a variety of designs. It can be etched, frosted or tinted

Premium choice

Bathrooms that feature frameless shower screens are generally valued higher

Features

- Individually measured to suit your bathroom
- Choice of clear or patterned 10mm toughened Grade A Safety Glass

Hardware Colours

	Matt Silver
	Polished Silver
	Black

Tri-Slider Shower Screens

This functional screen has been around for decades thanks to its suitability in tight spaces

Features

- Low maintenance
- Smooth action ball bearing rollers
- Internal and external full-length integrated handle
- Individually measured to suit your bathroom
- Choice of clear or patterned Grade A Safety Glass

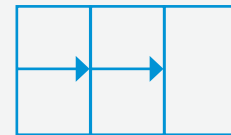

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

* Extended colour range available on request

* Extended colour range available on request

Sliding Wardrobe Doors

Contemporary wardrobe design at a competitive price

Design flexibility

Made to suit your individual requirements, suitable for either wall to wall, freestanding or corner return installations

Low profile bottom track

With a foot-friendly unobtrusive, low-profile design and easy-to-clean V-grooved bottom track, roller side-play is virtually eliminated, producing a smoother sliding operation

Solid bottom rail

The solid bottom rail and V-grooved bottom track provide strength and durability, eliminating roller side-play, resulting in a smooth sliding operation

Features

- Tracking and jambs are only 57mm in width
- Easy-to-clean track
- Continuous finger grip on all panels
- Head guide device prevents door panels from jumping off the track
- Individually measured to suit your room

Panel Variety

Door panels are available in:

- Mirror
- Black glass kote
- White glass kote
- Vinyl gyprock

Applications

- Bedroom robes
- Laundry recesses
- Linen cupboards

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

* Extended colour range available on request

Sliding Wardrobe Doors (Triple Track)

Features two thirds opening for easy access

Design flexibility

Made to suit your individual requirements, suitable for either wall to wall, freestanding or corner return installations

Secure panels

The innovative head guide feature, which is incorporated in a panel screw fixing design, ensures the panels cannot jump the track and are perfectly aligned, providing quiet, rattle-free operation at all times

Contemporary cushioning

Infill buffer (available in translucent and black) with grip stile, eliminates metal to metal contact and gives this sliding wardrobe a smooth, stylish appearance

Solid bottom rail

The solid bottom rail and V-grooved bottom track provide strength and durability, eliminating roller side-play, resulting in a smooth sliding operation

Features

- Tracking and jambs are only 81mm in width
- Contemporary design
- Concealed concave 41mm diameter rollers and brackets for quiet operation and ease of adjustment
- Easy-to-clean track
- Continuous finger grip on all door panels
- Head guide device prevents door panels from jumping off the track
- Individually measured to suit your room

Panel Variety

Door panels are available in:

- Mirror
- Black glass kote
- White glass kote
- Vinyl gyprock

Applications

- Bedroom robes
- Laundry recesses
- Linen cupboards

Standard Colours*

	Pearl White
	Matt Silver
	Polished Silver
	Black

* Extended colour range available on request
